SIMPACT SINKS ITS TEETH INTO EXPO ENVIRONMENT

Dimensional gives start-up company’s booth some bite.

When you’re a start-up company, you want to do everything you can to create a stand-out presence in the marketplace. On the other hand, when you’re a start-up company, you really need to get the biggest bang for your buck, since there are only so many to go around.

Simpact is a dental implant company that planned to use the medical expo floor as its launching pad. They needed to appear progressive, innovative and sensible. So their agency came to Dimensional for a booth that was progressive, innovative and sensible, particularly in the ease of its on-site installation.
