DIMENSIONAL PUMPS UP THE VOLUME ON THE SHOW FLOOR FOR GLOBAL LEADER

Godwin Pumps displays industrial chic and power.

Sometimes the product really DOES need to be the hero - especially when you are the world leader in your category. Godwin Pumps is the industry leader in Dry-Prime pumps - those unsung workhorse machines that move water away from the work areas of mines, construction sites and aid firefighters in extinguishing building fires.

So our design is clean and bold with a ground floor product showroom and an elevated European influenced executive suite complete with a full bar, conference area and business lounge. Because when you're a global leader with a multinational exhibit program, you've got to be ready to cater to your customer...wherever they live.

Client: Godwin Pumps

Project: ConEXPO

Location: Las Vegas Convention Center, NV

Design: Dimensional Communications Inc.

Total Floor Space: 2,500 sq. ft.
